**Kayem Peters** is a master painter, woodcarver and mosaic designer of Ghana, West Africa. Kayem uses acrylic, Ghana fabric and words for bold, joyful creations with themes of unity, music, work, community and happiness.

The paintings on display were painted outdoors at Kayem's home on Tiptoe Lane in Accra, Ghana, then shipped to the US where they were stretched. The hand-painted paper mosaics were created in Colorado during a visit to the U.S. in January 2008. Kayem also offers custom art and cultural tours of his beautiful homeland, Ghana.
